

Swedish thinking. Better living.

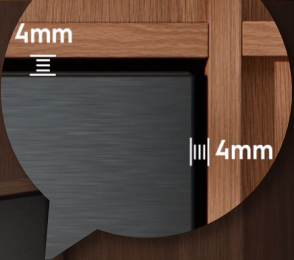

Refrigerators

A modern kitchen interior with a warm, minimalist aesthetic. In the foreground, a light-colored wooden dining table and two matching chairs with woven seats are positioned on a grey textured rug. To the right, a large, leafy green plant in a grey pot sits on the floor. In the background, a large window with light-colored sheer curtains looks out onto a bright outdoor space with trees. To the far right, a portion of a wooden kitchen cabinet is visible. The overall lighting is soft and natural, creating a fresh and inviting atmosphere.

800 series PerfectFit
**Designed for Your Kitchen.
Built for Freshness**

Integrates seamlessly with
just **4mm clearance.**

.....

PerfectFit fridge is designed to fit perfectly and sit flush in a standard 60cm cavity with zero rear clearance, integrated seamlessly into your kitchen.

800 Series PerfectFit

Feature overview

GreenZone

Crisper drawer with humidity control retains 90% Vitamin C for 14 days*.

MultiChill

Compartment with three precise temperature settings for tailored food storage.

Ion FresherAir

Removes up to 99.8% bacteria** for cleaner and safer food storage.

Sleek Air Vent Cover Top and Bottom Design

*Tests performed by Anhui CQC-CHEARI Technology Co., Ltd. Laboratory on vitamin C retention in green peppers after 14 days of storage in Greenzone compartment. Results depend on the freshness level of the material on the first day of storage.

**Test by Anhui CQC-CHEARI Technology Co., Ltd. Laboratory. Tests performed on Staphylococcus aureus, Escherichia coli streams

800 series PerfectFit french door refrigerator **EQE5300A-B**

Net Capacity: 522L | Gross Capacity: 582L

- PerfectFit fridge is designed to sit flush in a standard 60cm cavity
- Seamless kitchen integration with just 4mm clearance on top and sides
- MultiChill compartment with three settings: ExtraChill at -2°C for meat/fish, 0°C for drinks, and 3°C for deli meats and cheese
- Sealed GreenZone compartment with auto humidity control keeps produce fresher for longer
- FresherAir Ioniser releases negative ions, eliminating up to 99.8% of common bacteria*
- Telescopic drawers
- Cooling 360
- QuickChill and QuickFreeze
- LED backlight panel
- Door Alarm
- Inverter compressor

Product Dimensions: 914 mm (W) x 598 mm (D) x 1930 mm (H)

Matte Black

French door refrigerators

Stylish, spacious, and practical.

French door fridges that give you all the space.

LOCK IN FRESHNESS & VITAMIN

TasteLockAuto sealed crispers retains the initial Vitamin C content for up to 7 days in blueberries.¹

¹Tests performed by SGS Thailand Laboratory on vitamin C retention in blueberries after 7 days storage in TasteLockAuto compartment. Tested model EQE5657BA

SEALS IN FLAVOURS & NUTRIENTS

Tailor the **TasteSealPlus** temperature from -2°C to 3°C . Choose 3°C for cheese and deli meats and 0°C for icy cold drinks. Keep meat and fish fresh and tender for up to 7 days² by storing at -2°C . By avoiding defrosting, beef stored at -2°C can retain protein levels at up to 98% for up to 3 days².

²Test by Intertek Thailand Laboratory on protein retention in beef after 3 days storage at -2°C .

THE COMPLETE COOLING SOLUTION

TasteSealFlex convertible compartment easily adapts to the temperature you need. Find the right space to keep your food fresh with five temperature settings from -23°C to 7°C ³.

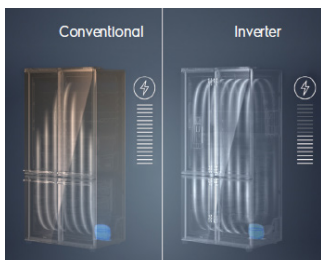

³Passed SGS testing of microbiology plate count in salmon, chicken, and beef after 7 days. Sample tested EQE6899BB.

HYGIENIC REFRIGERATOR

The **TasteGuard** Ioniser releases negative ions. This delivers more hygienic food storage by eliminating up to 99.9% of tested bacteria⁴.

⁴Tests by Intertek Italy for microbial inactivation on different microorganisms: (Staphylococcus aureus ATCC 25923, Escherichia coli ATCC 8739, Bacillus subtilis ATCC 6633, Listeria monocytogenes ATCC 13932) in controlled conditions (46L plexiglass box, temperature 3°C , relative humidity 60-70%, treatment time 4 hours).

ENERGY-SMART TECHNOLOGY

Inverter Technology optimises energy efficiency and storage conditions while reducing noise levels while using significantly less energy.⁵

⁵Tests by eurolins Thailand Laboratory on compressor running noise level. Internal tested single speed compressor compared to Inverter compressor.

EVENTEMP. TASTY FOOD.

EvenTemp keeps your food tasty for longer by minimising temperature fluctuations. By cooling each shelf individually, the consistent temperature preserve taste and texture for longer.

COOL DOWN GROCERIES FAST

QuickChill your groceries in the fridge compartment fast at 2°C .

QUICKFREEZE FOR FLAVOUR

QuickFreeze your groceries fast at -28°C .

UltimateTaste 900 french door refrigerator

EQE6879A-B

Net Capacity: 609L | Gross Capacity: 680L

- TasteSealFlex ideal storage with 5 temperatures (-23°C to 7 °C)
- TasteLockAuto keeps vegetables fresh for 7 days*
- TwinTech Cooling help preserves taste and texture.
- Autolce and Water Dispenser
- TasteGuard Deodoriser
- FlexStor customizable compartment
- Door Alarm
- Inverter compressor

2-door refrigerators

Keep it simple. 2-door fridges that give you fast access and all the freshness you need.

Save energy with AI

Using Artificial Intelligence, AI AutoSense optimises refrigerator operation and saves up to 10% more energy*. It identifies your household's usage patterns and automatically adjusts fridge settings accordingly. AI AutoSense rearranges defrosting time, reduces fan speed at night for less fridge noise.*Temperature will be increased compared to the default setting, and it may affect the preservation of food.

RETAIN FRESHNESS AND NUTRIENTS

The **GreenZone** crisper compartment keeps fruit and vegetables fresh and bursting with flavour, while retaining vitamin C levels up to 90% after 7 days*.

*Tests performed by SGS Thailand Laboratory on vitamin C retention in oranges after 7 days storage in Greenzone compartment to the default setting. Results depend on the freshness level of the material on the first day of storage.

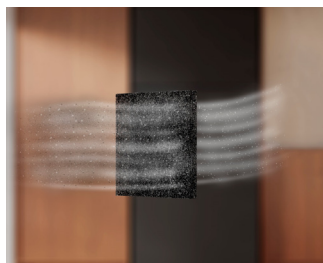

MEAT & FISH IN PRIME CONDITION

Preserve the quality, taste, and freshness of deli meat cuts and cheese by storing them in the ExtraChill drawer. This dedicated compartment maintains a lower temperature than the rest of the refrigerator, with active circulation of cold air to keep your deli favourites at their delicious best.

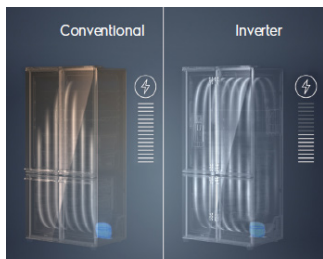

OPTIMAL FOOD STORAGE

Cooling 360° distributes air evenly to create optimal refrigerator storage conditions.

A FRESH, ODOUR-FREE FRIDGE

FresherAir carbon filter keeps fridge smelling fresh and reduces odour transfer between ingredients.

ENERGY-SMART TECHNOLOGY

Inverter Technology optimises energy efficiency and storage conditions while reducing noise levels.*

*Tests by Eurofins Thailand Laboratory on compressor running noise level.** Internal tested single speed compressor compared to Inverter compressor"

TWIST. SERVE. ENJOY

Effortlessly make and store cubed ice for cool drinks with the Twist and Serve ice maker.

700 Series top freezer refrigerator

ETM5002C-B
