Laundry Range 2022

Keep your favourites
looking newer longer

The right amount of care

A laundry that knows what matters. At Electrolux, our philosophy is simple: the laundry should be seamless and intuitive. That's why our design team have developed it's new range with smart, sustainable features and clean lines for an effortless experience. So you can focus on the things that make you happy.

**Swedish thinking.
Better living.**

Fabric Care

SensorWash™ detects dirt and adjusts cycle, to ensure clothes are always perfectly washed.

Deeper clean

Say goodbye to detergent or soil residue on your freshly washed garments.

Wi-Fi Connectivity*

The Electrolux app allows you to be in control of your appliance. Choose your favourite wash program, add options, monitor the wash and receive notifications on-the-go. Get expert advice from our Stain guide, or use the Care Advisor to send the right programs to the machine just for you.

Intuitive and intelligent

Keep colours bright, whites startling and blacks dark. Smart sensors automatically detect the soil and detergent levels to adjust the washing time for optimal, energy-efficient results that reduces unnecessary wear on fabrics.

Handle with care

Looking after your clothes is effortless, with Electrolux. Our washers come with a range of smart features that keep your favourites looking their best, for longer.

*Minimum requirements: iPhone6/iOS 9.3/Android 4.3 and above. You will need to install the Electrolux Life app, create an Electrolux account and accept the Terms and Conditions and Electrolux's Privacy Policy in the app to use the connected features of the appliance. Internet and Wi-Fi connections are required to use the full features of the app and the appliance. Minimum requirements, apps and services are subject to change without notice.

Complete fabric care solutions

Pair with UltimateCare washer for total fabric care and seamless design alignment.

Precise care for everyday favorites

Smart Sensor measures humidity to prevent over-drying, reducing wear and tear.

Care for wool, the easy way

Safely dry treasured machine-washable woollen garments in our Woolmark approved cycle.

80% less colour fading

Keep garments vibrant for longer with up to 80% less colour fading vs. sun drying.*

Up to 32% less wrinkles

Alternating drum movements prevent clothes from tangling to lessen creases by up to 32%.**

*80% less colour fading vs. sun drying - tested and certified by UL

**32% less wrinkles vs. hang drying - tested and certified by THTI

Dryers

Delicate care

Electrolux dryers adjust temperatures and motion for precise care. So you can relax, knowing you never have to worry about your favourite t-shirt or pants coming out a size too small, ever again.

Careful drying, every time

With Electrolux's Delicate Care technology, every garment is dried at the temperature that suits it best. The fast drum movement on the wool cycle ensures wools are kept flat to reduce shrinkage. Alternatively select the silk cycle to ensure your delicate silks are gently kept aloft to keep their shape. The dryer measures the exact humidity and temperature to protect from over-drying, while the intuitive tumble action helps dry clothes more gently and evenly. So, when you open the door, your clothes will look and feel fresh and ready to wear again.

Nice on knits

Our Woolmark Blue certification ensures your prized hand wash only woollens can be dried safely, with no felting or shrinking.

Gentle on the ears

Inverter technology is designed to be discreet and unobtrusive. Feel free to turn your dryer on any time of the day or night, without it interfering with anything else you're doing.

Comparisons

Drying with care

Silk comparison

The DelicateCare 800 dryer gives you confidence dry your favourite clothes, whatever they're made of, even silk and down. The DelicateCare System with heat pump tailors low temperatures and drum motion to any fabric. Even your silk garments emerges with up to 50% less creases.

Down jacket comparison

The performance of a down jacket may deteriorate when washing and drying as the down is pressed into corners of the jacket over time. The DelicateCare System adjusts temperature and motion for exactly the correct care so the down is gently fluffed again and its protective abilities restored.
