Cooking Range 2022

Create delicious
tastes, effortlessly

A kitchen that knows what matters

At Electrolux, our philosophy is simple: life in the kitchen should be seamless and intuitive.

That's why we've developed a new range with smart, sustainable features and clean lines for an effortless experience. So, you can concentrate on the things that make you happy: making and sharing great food with the people you love.

**Swedish thinking.
Better living.**

Cooking

Effortless cleaning with SteamClean hood

SteamClean technology makes light work of a once tedious chore. Simply press one button and the hood injects steam to clean all the hard to reach places inside the chimney. By effortlessly removing stubborn grease and grime, the cooker hood maintains efficient air flow to provide you with a more pleasant cooking and dining experience.

Lower your utility bills with UltimateTaste gas hobs

The blue flame burns efficiency to turn up the flavours faster, whilst also keeping your energy costs down.

Dishwashing

Our range of quiet, fuss-free dishwashers offer superb results – sparkling dishes, ergonomic stacking and swift cycles, keeping your favourite dishware beautifully clean.

Next –level baking with SteamBake ovens

With SteamBake, you can create bakery-style bread in your own home. The added steam allows dough to rise more effectively than conventional heating. The steam helps to create an exquisitely soft centre, while the combination of hot air delivers deliciously glossy crusts.

Hoods

Take a breath of fresh air in style. Big is beautiful when it comes to cooker hoods. Crafted with you and your needs in mind, our range of modern hoods are quiet, effective, and as dramatically bold or stylishly subtle as you want them to be.

Take your pick. Which hood fits you best?

From stunning centrepieces to discreetly functional models, the aesthetics of the Electrolux cooker hood range complement the other kitchen appliances - right down to the designer light detail found on some of the top models. Clever use of lighting forms a practical role in illuminating the hob as well as creating the perfect ambience for food preparation.

Island hoods

Designed to be suspended over a central cooking island, Island Hoods create a dynamic focal point in the kitchen.

Panel designer hoods

Designed to add sophistication and modernised style to your kitchen, Panel Designer Hoods combine smooth black glass with stainless steel for a luxurious look and feel.

Chimney hoods

Designed to provide a visual focus whilst offering various styles and widths to suit your kitchen, Chimney Hoods both perform well and please the eye.

Slimline hoods

With easy-to-reach front controls, Slimline Hoods fit underneath a wall cupboard neatly.

Designer hood

EFS928SA

Technical info

Product dimensions (mm)

900 (W) x (938 - 1,355) (H) x 395 (D)

Features

- Premium sliding glass design
- Power Boost with 1,500m³/hr maximum airflow
- Clog-free dual filter system
- IQ Touch with 4 fan speed
- Delay AutoOff Timer
- Extraction operation mode
- Cleaning reminder - light indicator after 50 hours of accumulated cooking hours
- Stainless Steel with Black Glass Panel
- Fan Speeds: 4 speeds
- LED Lights
- Voltage: 220-240V
- Frequency: 50Hz

Premium design, superior performance

Electrolux Panel Designer Hoods not only add beauty and elegance to your kitchen, they work wonders too. Packed with features to give you clean, fresh air even when you're cooking up a feast, your hood provides the perfect kitchen ambience - be it for cooking, dining, or entertaining.

Power Boost

Delivers a high airflow of 1,100m³/h to immediately refresh your kitchen and reduce clean-up time.

One Touch Elevation

Controls when the panel goes up and down with just one touch.

The perfect atmosphere for the perfect meal

With its emphasis on stir-frying and steaming, Asian cooking releases a lot of vapour, grease, and odour in the air. Yet more and more modern Asian households are adopting a European open kitchen model. For this, you need a hood that clears the air with a combination of powerful air extraction and low noise. Electrolux hoods help keep grease, smoke, and moisture out of the air and away from your kitchen surfaces, walls, and soft furnishings.

Blue Touch Control

The unique blue touch control is designed to allow you to easily customise all the settings needed for your cooking. It controls various aspects such as operation modes and fan speed, and even adjusts the amount of light needed to illuminate your cooking.

Efficient 5-layer Grease Filter

The efficient 5-layer grease filter ensures cleaner air by absorbing and effectively filtering out the grease and fumes from your cooking.

Island hood

EFL925MAR

Technical info

Product dimensions (mm)

900 (W) x (531 - 1,066) (H) x 623 (D)

Features

- Intensive 900m³/hr maximum airflow
- IQ Touch with 3 fan speed
- Multi-function grease filtration
- Dimming LED light
- Recirculation or Extraction operation mode
- Stainless Steel / Mirror Panel
- Carbon Filter included
- Air Outlet: 150mm
- Motor Power: 270W
- Lamp Power: 4 x 1.5W Total
- Connected Load: 276W
- Voltage: 220-240V
- Frequency: 50Hz

Making life easier every day

Touch controls and intelligent appliances have fast become a common way of life. Smart buttons and indicators make life easier and decrease stress levels while doing chores.

Steam Cleaning

A cleaning system with steam and hot water inside the fan system cleans the hood thoroughly.

Cleaning Alert

Automatically sends you an alert to let you know when it's time to activate the self-clean function.

Power Boost

Delivers a high airflow of 1,100m³/h to immediately refresh your kitchen and reduce clean-up time.

LED 3-level Light

Offers a better view of what you're cooking with a brighter, adjustable, and energy-saving LED light.
